Population growth

Population Growth: NHS South Kent Coast CCG for 2015 to 2020 from 2014

0-4 5-19 20-64 65 plus All ages

The chart shows the percentage growth of South Kent Coast CCG's projected population from 2015 to 2020.

This uses a baseline of 2014 population to calculate the percentage growth and is split into different age-bandings.

The table provides the total number of the different age-bandings for the baseline population (2014) and the projected population from 2015 to 2020.

While population is increasing for all age bands the greatest growth is seen in the 65 years and over age band.
